### Safety and Warning Instructions

- Mount the device only on a stable, level, and heat-resistant surface.
- Ensure the mains voltage matches the specifications on the nameplate.
- The hand dryer must be grounded according to local regulations. Improper grounding can lead to electric shock and severe injuries.
- Children and unauthorized persons must not misuse the device.
- During installation and maintenance, the hand dryer must be disconnected from the power supply.
- Maintain a safe distance between the hand dryer and water sources (e.g., sinks).
- Do not block or cover the air intake and outlet vents.
- Immediately discontinue use if visible damage or malfunctions occur.
- Clean only with a soft cloth and mild cleaning solution; do not allow water or aggressive cleaning agents to enter the device.
- Repairs and maintenance must only be performed by qualified personnel.
- The hand dryer is intended exclusively for indoor use and drying hands; any other use may cause damage and void the warranty.
- In areas with high humidity or wet conditions, the use of a residual current device (RCD) is mandatory.
