SAFETY & WARNING INSTRUCTIONS

Order No. 421-1025

Item/Model SARO Heated Sauce Dispenser modell PD-17

GTIN 4017337421053

Safety and Warning Instructions

- Place the device only on a stable, level, and non-slip surface.
- Ensure that the mains voltage corresponds to the information on the nameplate.
- Children and unauthorized persons must not operate the device or be left unsupervised near it.
- **During operation, parts of the device, especially the housing and pump, can become very hot – risk of burns.**
- Never clean the device with a water jet or immerse it in liquids to avoid the risk of short circuits and electric shock.
- Always switch off the device, disconnect it from the power supply, and allow it to cool down completely before cleaning, maintenance, or extended periods of non-use.
- The device is intended only for warming and dispensing sauces. Any other use may cause damage and void the warranty.
- Before switching on the device, fill at least 1 liter of water into the housing to avoid dry heating. Dry heating may damage the device and void the warranty.
- Do not move the device during operation. Disconnect the power plug and allow the device to cool before transport.
- Do not use damaged cables or plugs. Replacement must be carried out only by qualified personnel.
- Use only original parts and accessories designed for this model.
- Immediately stop operation if visible damage or malfunctions occur, and contact the retailer or qualified personnel.
- Safely dispose of packaging materials such as plastic bags, cardboard, or Styrofoam out of children's reach, as they pose a suffocation hazard.
- Daily cleaning of the device is recommended for hygienic reasons.
- Do not clean the device with aggressive chemicals, gasoline, thinner, or metal sponges to avoid damaging surfaces and plastic components.
- Do not operate the sauce dispenser near flammable materials or liquids. Maintain a sufficient safety distance on all sides.
- If there is no water in the housing, the device will warn with a red light and a signal tone. In this case, switch off the device immediately to prevent damage.
