## SAFETY & WARNING INSTRUCTIONS

Order No. 481-1015

Item/Model SARO Ice cream/freezer  
model CUBE 53-2BD120A

GTIN 4017337065202

### Safety and Warning Instructions

- Place the device only on a stable, level, and non-slip surface.
- Ensure that the mains voltage corresponds to the information on the nameplate.
- After transport or significant tilting, allow the device to stand upright for at least 24 hours before switching it on to prevent damage to the cooling system.
- Do not block or cover ventilation slots and openings to ensure proper air circulation and prevent overheating.
- Children and unauthorized persons must not operate the device or be left unsupervised near it.
- Do not store flammable, explosive, or chemical substances inside the device.
- Never immerse the device in water or clean it with a water jet to avoid the risk of short circuits and electric shock.
- Use only original spare parts and accessories approved for the device.
- The refrigerant is flammable; in case of a leak, ventilate the room thoroughly and avoid open flames.
- After a power outage or unplugging, wait at least 5 minutes before switching the device back on to prevent damage to the compressor.
- Always switch off the device and unplug it from the power supply before cleaning, maintenance, or extended periods of non-use.
- Repairs and maintenance must only be carried out by qualified personnel.
- Immediately stop operation if visible damage or malfunctions occur, and contact your retailer or qualified personnel.
- Do not place heavy objects on the device to avoid deformation or damage.
- Keep the power plug easily accessible to quickly disconnect the device from the power supply in case of emergency.
