SAFETY & WARNING INSTRUCTIONS

Order No. 330-1052

Item/Model SARO Heated Display
model ELINE 160

GTIN 4017337330119

Safety and Warning Instructions

- Place the device exclusively on a stable, level, and dry surface.
- Ensure that the mains voltage matches the specifications on the rating plate.
- Children and unauthorized persons must not operate the device or be left unattended near it.
- During operation, there is a risk of burns from hot surfaces, especially on glass surfaces and the interior of the display case. Exercise caution when opening and closing the door.
- Do not block or cover the ventilation slots inside the device with dust or dirt, as this can impair functionality and cause overheating.
- Do not store flammable or explosive materials inside or near the device.
- Exercise caution when transporting or moving the device, especially when handling glass surfaces and doors.
- Never clean the device with a water jet or high-pressure cleaner to avoid the risk of short circuits and electric shock.
- Always switch off the device, unplug it, and allow it to cool completely before cleaning, maintenance, or extended periods of non-use.
- Use only original spare parts and accessories. Repairs must only be carried out by qualified personnel.
- If visible damage is found on the device or power cable, immediately stop operation and contact qualified personnel.
- Do not place heavy objects on the device to avoid damage.
- Always keep the door closed to prevent energy loss and maintain the set temperature.
- The device is designed exclusively for the storage and display of warm food; any other use may cause damage and void the warranty.
- If the device is not in use for a long period, clean it, unplug it, and cover it with a breathable cloth.
