Safety and Warning Instructions

- Safely dispose of packaging materials to avoid suffocation hazards.
- Thoroughly clean the chafing dish before first use to remove production residues.
- Ensure that the device is placed on a stable, level, and heat-resistant surface.
- Use only appropriate fuel pastes and never refill during operation.
- Handle the lid carefully, as condensation and heat may accumulate during operation; risk of burns!
- Clean only with a soft cloth and mild detergent; do not use abrasive or acidic cleaners.
- Regularly clean GN containers to maintain hygienic standards.
- Never leave the device unattended, especially when using an open flame (fuel paste).
- Keep children and unauthorized persons away from the chafing dish to avoid misuse and injury.
- Do not use the device if visible damage or malfunction is present, and contact a professional for assistance.
