

## TECHNICAL DATA SHEET

Order No. **502-1035**

Item/Model **SARO gas heater  
model Area Loungeheater**

GTIN **8713415323276**

- **Material:** (housing) metal, black stove-enamelled
- **Patio heater as a standing model, with protective grille**
- **For commercial use in outdoor areas**
- **Gas heater for butane/propane**
- **Only approved for Germany: I3B/P (50)**
- **Electric ignition by battery: 1x AA (1.5 V), not included**
- **Incl. gas hose (0.6 m long) and pressure regulator**
- **Consumption: 450 - 650 g / h**
- **Supplied disassembled, assembly required**
- **Range: up to 100 m<sup>2</sup>**
- **Infinitely adjustable**
- **Connection pressure: 50 mbar**
- **Power: 5kW max 13kW**
- **Dimensions: diam. 545 (head: dia. 370) x H 1390 mm**
- **With 2 practical transport wheels**
- **Weight (net/gross): 17.3 / 20.3 kg**

Origin China

customs tariff no. 73218100

## SAFETY & WARNING INSTRUCTIONS

Order No. **502-1035**

Item/Model **SARO gas heater  
model Area Loungeheater**

GTIN **8713415323276**

### Safety and Warning Instructions

- Installation should only be carried out by qualified professional installers.
- Safely dispose of packaging materials to avoid choking hazards.
- Use the device exclusively outdoors; using it indoors is prohibited and dangerous.
- Ensure that the gas supply is correctly connected and checked for leaks.
- Before first use, remove all packaging materials and protective films, and check the tightness of the connections with soapy water.
- In case of a gas smell, immediately turn off the gas supply, ventilate the room well, and avoid open flames and sparks.
- During operation, surfaces can become very hot; risk of burns! Avoid contact.
- Never clean the device with a water jet or pressure washer to avoid damage to gas lines or ignition mechanisms.
- Clean only with a soft cloth and mild detergent; do not use abrasive or scrubbing agents.
- Do not use the device in strong winds and secure it against tipping over, such as by anchoring it to the ground.
- Children and unauthorized persons should not use the device unsupervised.
- Always replace gas bottles outdoors or in well-ventilated areas; avoid open flames during the process.
- When not in use for extended periods, disconnect the gas supply, clean the device, and cover it.
- Immediately replace damaged gas lines or connections with original parts and perform leak tests.
- Only use propane or butane gas cylinders that comply with regulations.
- In case of visible damage, unusual noises, or malfunctions, immediately stop operation and contact qualified personnel.
