SAFETY & WARNING INSTRUCTIONS

Order No. 443-2115

Item/Model SARO Warming Lamp
model ARES

GTIN 4017337071784

Safety and Warning Instructions

- Install the device exclusively on a stable, level, and heat-resistant ceiling mount.
- Installation and repairs must only be carried out by qualified personnel familiar with national installation regulations.
- Children and unauthorized persons must not operate the device or be left unattended near it.
- **During operation, the device surfaces and the light source can become very hot – risk of burns. Touch the device or light source only when it is switched off and fully cooled.**
- Never clean the device with a water jet or immerse it in liquids, as this poses a risk of short circuits and electric shocks.
- Before cleaning, maintenance, or part replacement, switch off the device, disconnect it from the power supply, and allow it to cool completely.
- Ensure proper air circulation around the device. Maintain a minimum distance of 10 cm from walls and flammable materials.
- Do not place objects on the device or cover it to prevent overheating.
- Repairs must only be carried out by qualified personnel using original spare parts.
- Use only light sources recommended by the manufacturer (maximum 250 W, E27 socket).
- Dispose of packaging materials safely and keep them out of reach of children, as they pose a suffocation hazard.
- The device is designed exclusively for professional indoor use and for keeping food warm. Any other use may cause damage and compromise safety.
- Ensure the device is not installed near easily flammable materials or liquids.
- Do not leave the device unattended while switched on and avoid any modifications that could compromise safety.
- The device must not be connected to a timer or an external remote-control system.
- If visible damage or malfunctions occur, stop operation immediately and contact qualified personnel.
- Regularly clean the device with a soft, damp cloth and a mild cleaning agent. Do not use abrasive cleaning products or steel wool.
- Allow the device to dry completely after cleaning before resuming operation.
