SAFETY & WARNING INSTRUCTIONS

Order No. 444-1000

Item/Model SARO Grill
model WOW GRILL MINI

GTIN 4017337037070

Safety and Warning Instructions

- Place the device exclusively on a stable, level, and heat-resistant surface.
- Ensure that the mains voltage matches the specifications on the rating plate.
- Children and unauthorized persons must not operate the device or be left unattended near it.
- **During operation, the device's surfaces, particularly the heating elements, can become very hot – risk of burns. Use appropriate protective gloves.**
- Never clean the device with a water jet or immerse it in liquids to avoid short circuits and electric shocks.
- Before cleaning, maintenance, or extended periods of non-use, switch off the device, disconnect it from the power supply, and allow it to cool completely.
- Do not block or cover the ventilation openings or other critical areas of the device to prevent overheating.
- Repairs must only be carried out by qualified personnel.
- Use only original accessories and spare parts to ensure the functionality and safety of the device.
- If visible damage or malfunctions occur, stop operation immediately and contact qualified personnel.
- Use the device exclusively for its intended purpose, such as grilling fish, meat, or vegetables. Any other use may cause damage and compromise safety.
- Regularly empty and clean the grease drip tray to maintain hygienic conditions and proper functionality.
- Dispose of packaging materials safely and keep them out of reach of children, as they pose a suffocation hazard.
- Before first use, operate the device at maximum temperature for approximately 10 minutes without food to remove manufacturing residues.
- Do not move or tilt the device during operation.
- Maintain a safe distance from flammable materials to prevent fire hazards.
- Do not leave the device unattended while in use and disconnect it from the power supply after use.
- Regularly clean the grill grates using the designated scrapers and brushes to remove grease and buildup.
- After a power outage or extended storage, inspect the device and test its functionality before use.
