

TECHNICAL DATA SHEET

Order No. **462-1200**

Item/Model **SARO LED Insect Killer
model MG30I**

GTIN **4017337071616**

- Material (housing): stainless steel
- Power: 2 x 7 W LED
- LED-lighting and adhesive strip
- Effective area: 100 m²
- Protection class: IP20
- Wall mountable
- Connection: 230 V - 50 Hz - 0.014 kW
- Dimensions: W 495 x D 65 x H 280 mm
- Weight (net/gross): 3.1 / 4.1 kg

Origin France

customs tariff no. 8594900

SAFETY & WARNING INSTRUCTIONS

Order No. **462-1200**

Item/Model **SARO LED Insect Killer
model MG30I**

GTIN **4017337071616**

Safety and Warning Instructions

- Use the device exclusively indoors and on dust-free surfaces, away from explosive vapors.
- The insect trap must be placed at least 2 meters above the ground in a central, dark location, away from direct sunlight.
- The device can be mounted on the wall, ceiling, or a stable, level surface. Use appropriate mounting materials such as anchors, screws, or chains, suited to the weight of the device.
- Connect the device only to a grounded outlet.
- Do not touch internal components during operation as the device is under high voltage—risk of electric shock.
- The safety locks on the movable grids must not be removed or tampered with, as they protect against electric shock.
- The device should remain switched on continuously to ensure effective control of flying insects.
- UV lamps must be replaced every 12 months to maintain full effectiveness.
- Before any maintenance or cleaning, ensure the device is disconnected from the power supply.
- Dispose of packaging materials safely and keep them out of reach of children, as they may pose a suffocation hazard.
- Children must not use the device without supervision.
- If the power cord is damaged, it should only be replaced by the manufacturer or qualified personnel.
- Repairs must only be carried out by qualified personnel.
- Ensure the device is not operated in damp environments or near water, as it is not waterproof.
- If visible damage or malfunctions occur, do not continue using the device and contact professional personnel.
