

TECHNICAL DATA SHEET

Order No. 330-1103

Item/Model SARO Display Refrigerator 550 Liters
model LUCIA

GTIN 4017337069088

- Material: (housing) stainless steel
- Triple glazed on all four sides
- Door and controls on one side
- 3 adjustable chrome-plated shelves, W 705 x D 559 mm
- LED-interior-lighting, separately switchable
- Digital temperature control
- Fan cooling system
- Automatic defrost
- Suitable for climate class: 4
- Temperature range: +2 / +12 °C
- 4 castors, 2 lockable
- Connection: 230 V - 50 Hz - 0.460 kW
- Capacity (gross/net): 550 / 387 L
- Internal dimensions: W 750 x D 538 x H 1150 mm
- External dimensions: W 850 x D 650 x H 1908 mm
- Weight (net/gross): 192 / 210 kg
- Refrigerant: R290
- Energy efficiency class: C (spectrum A to G)

Origin China

customs tariff no. 84185019

SAFETY & WARNING INSTRUCTIONS

Order No. 330-1103

Item/Model SARO Display Refrigerator 550 Liters
model LUCIA

GTIN 4017337069088

Safety and Warning Instructions

- Only place the device on a stable, level, and non-slip surface.
- Ensure the mains voltage matches the specifications on the rating plate.
- All packaging materials and protective films must be completely removed before first use.
- After transport, let the device stand upright for at least 12 hours before switching it on to prevent damage to the refrigerant circuit.
- Ensure the ventilation slots are not blocked to maintain optimal air circulation and cooling.
- Do not place the device near heat sources or in direct sunlight.
- Bottles with high alcohol content must be tightly sealed and stored upright in the device.
- Do not use electrical devices or heating sources inside the appliance.
- Never clean the device with a water jet or high-pressure cleaner to avoid the risk of electric shock and short circuits.
- Do not use damaged cables or plugs. Replacement must only be carried out by qualified personnel.
- Always switch off the device and disconnect it from the power supply before cleaning, maintenance, or repairs.
- Clean the door seal with water only and ensure it remains intact to prevent energy loss.
- The refrigerant is flammable; if the cooling circuit is damaged, ventilate the room well and avoid open flames.
- Children must not use the device unsupervised or play near it.
- The device is intended solely for the storage of food; any other use may cause damage and void the warranty.
- Regular cleaning of the condenser by qualified personnel is recommended to extend the device's lifespan.
- Handle the display case with care (fragile glass). Do not lean heavy objects against it or strike it.
- If visible damage or malfunctions occur, immediately stop operation and contact qualified personnel.
