

TECHNICAL DATA SHEET

Order No. 323-3205

Item/Model SARO Refrigerated Showcase
model SC 280

GTIN 4017337036868

- Material: (housing) plastic, white
- Double glazing on 4 sides
- Door and controls on one side
- 4 height-adjustable grids, plastic coated
- LED-interior-lighting, separately switchable
- Easy to clean due to removable bottom
- Digital temperature control
- Forced air cooling
- Automatic defrost
- Temperature range: +3 / +8 °C
- Connection: 230 V - 50 Hz - 0.26 kW
- Grids: 4x W 411 x D 404 mm
- Sound level: approx. 40dB(A)
- Capacity: 217 liters
- Internal dimensions: W 473 x D 418 x H 1478 mm
- External dimensions: W 520 x D 458 x H 1842 mm
- Weight (net/gross): 108.5 / 118.5 kg
- Refrigerant: R290
- Energy efficiency class: C (spectrum A to G)

Origin China

customs tariff no. 84185019

SAFETY & WARNING INSTRUCTIONS

Order No. 323-3205

Item/Model SARO Refrigerated Showcase
model SC 280

GTIN 4017337036868

Safety and Warning Instructions

- Only place the device on a stable, level, and non-slip surface.
- Ensure the mains voltage matches the specifications on the rating plate.
- All packaging materials and protective films must be completely removed before first use.
- After transport, let the device stand upright for at least 12 hours before switching it on to prevent damage to the refrigerant circuit.
- Ensure the ventilation slots are not blocked to maintain optimal air circulation and cooling.
- Do not place the device near heat sources or in direct sunlight.
- Bottles with high alcohol content must be tightly sealed and stored upright in the device.
- Do not use electrical devices or heating sources inside the appliance.
- Never clean the device with a water jet or high-pressure cleaner to avoid the risk of electric shock and short circuits.
- Do not use damaged cables or plugs. Replacement must only be carried out by qualified personnel.
- Always switch off the device and disconnect it from the power supply before cleaning, maintenance, or repairs.
- Clean the door seal with water only and ensure it remains intact to prevent energy loss.
- The refrigerant is flammable; if the cooling circuit is damaged, ventilate the room well and avoid open flames.
- Children must not use the device unsupervised or play near it.
- The device is intended solely for the storage of food; any other use may cause damage and void the warranty.
- Regular cleaning of the condenser by qualified personnel is recommended to extend the device's lifespan.
- Handle the display case with care (fragile glass). Do not lean heavy objects against it or strike it.
- If visible damage or malfunctions occur, immediately stop operation and contact qualified personnel.
