SAFETY & WARNING INSTRUCTIONS

Order No. 331-10555

Item/Model SARO Multifunction cooker gas/electric
model TS95C61LVI bordeaux

GTIN 4017337331505

Safety and Warning Instructions

- Place the device exclusively on a stable, level, and heat-resistant surface.
- Children and unauthorized persons must not operate the device or be left unattended near it.
- During operation, accessible parts, including the oven and burners, can become very hot. There is a risk of **burns—exercise caution when touching.**
- Never leave oil or fat unattended, as they are highly flammable.
- Ensure that the room ventilation meets the requirements. Poor ventilation can lead to dangerous gas accumulation.
- Only qualified professionals should perform installation and maintenance of the device.
- Do not use sprays, chemicals, or flammable substances near the device when it is switched on.
- Never clean the device with a water jet or steam cleaner, as this can cause a risk of short circuits and electric shock.
- Do not use damaged cables or plugs. Any replacements must be done by qualified personnel.
- Before cleaning, maintenance, or extended periods of non-use, switch off the device, disconnect it from the power supply, and allow it to cool completely.
- The installation of the device must ensure that it is protected from tipping over.
- If the device has a glass cover, it must be cooled before closing to avoid the risk of breakage.
- When opening the oven, turn your face and head away from the door to avoid steam burns.
- If a gas smell is detected, immediately turn off the gas valve, ventilate the room, and avoid open flames.
- In case of visible damage or malfunctions, immediately stop operation and contact qualified personnel.
