SAFETY & WARNING INSTRUCTIONS

Order No. **27-7030**

Item/Model **SARO Combi mixer / Hand blender
model MB-51**

GTIN **4017337055869**

Safety and Warning Instructions

- Ensure that the mains voltage matches the specifications on the nameplate.
- Keep children and unauthorized persons away from the device during operation.
- Do not operate or move the device with wet hands.
- Never operate the device outside of a container; the stick should be immersed in the container up to a maximum of 2/3 of its length, marked by the "MAX" line.
- During operation, there is a risk of injury from sharp blades – handle the blade with caution.
- Avoid splashing by turning the device on only after the stick is fully immersed and only removing the stick after it has completely stopped.
- Always turn off the device, unplug it, and allow it to cool completely before cleaning, maintenance, or replacing parts.
- Clean the blades and the stick after each use with warm water and mild detergent; do not use abrasive agents.
- The motor block should only be cleaned with a damp cloth; never submerge it in water or clean with a water jet.
- In case of visible damage or malfunction, immediately stop operation.
- Repairs and maintenance should only be carried out by qualified professionals.
- The device is intended solely for processing food in suitable containers; using it for other purposes may cause damage and void the warranty.
- The device will automatically shut off in case of overheating; allow it to cool down before turning it back on.
- Accessories must be specific to the model and approved by the brand to avoid damage.
