SAFETY & WARNING INSTRUCTIONS

Order No. **126-1515**

Item/Model **SARO Bain Marie trolley
model BTS-2**

GTIN **4017337054268**

Safety and Warning Instructions

- Ensure that the operating voltage of the device is 220/240 V $\pm 10\%$ and no other voltage is used.
- Never operate the device without proper grounding.
- Before first use, clean the exterior surface with a cloth and warm soapy water (without plugging the device into the outlet).
- Ensure that there is always enough water in the device's basin, as the heating function will not work otherwise.
- Place the device only on a stable, level, and heat-resistant surface.
- Do not use extension cords or adapters for the power connection.
- Ensure adequate ventilation during operation and place the device under a kitchen hood.
- Never position the device near flammable materials or liquids.
- Before cleaning or maintenance, disconnect the device from the power supply and allow it to cool completely.
- Only use descaled water to avoid lime deposits.
- If the water level is low, the device will emit an audible warning signal – refill water promptly.
- Repairs and maintenance work should only be carried out by authorized professionals.
- Keep children away from the device and ensure that unauthorized persons do not have access.
- In case of malfunction, unplug the device and contact customer service.
