

TECHNICAL DATA SHEET

Order No. **380-1222**

Item/Model **SARO SAMSUNG microwave
model MJ2651**

GTIN **4017337063512**

- Material: stainless steel / Ceramic
- 26 liters
- Power (output): 1500 W
- Power levels 5
- Operation by rotary control
- LED-lighting
- digital time display
- stackable
- Cooking space 370 x 370 x 190 mm
- Dim.: W 464 x D 557 x H 368 mm
- Connection: 230V - 50 Hz - 2,921 KW

Origin Malaysia

customs tariff no. 85165000

Importer Saro Gastro-Products GmbH, Sandbahn 6, 46446 Emmerich am Rhein, GERMANY

SAFETY & WARNING INSTRUCTIONS

Order No. **380-1222**

Item/Model **SARO SAMSUNG microwave
model MJ2651**

GTIN **4017337063512**

Safety and Warning Instructions

- Only place the device on a stable, horizontal, and heat-resistant surface.
- Before connecting, ensure that the mains voltage matches the specifications on the nameplate.
- Children and unauthorized persons must not operate the device or be unsupervised near it.
- There is a risk of burns from the door, ventilation slots, and oven opening during operation – handle with care.
- Do not store or use flammable or explosive materials near the device.
- Never clean the device with a water jet or immerse it in liquids; this poses a risk of short circuits and electric shock.
- Do not open the door while the device is in operation to ensure safety from microwave radiation.
- Repairs must only be carried out by qualified personnel; improper repairs can cause hazardous microwave leakage.
- Do not use the device if there are visible damages to the door, seals, or casing. Contact qualified personnel for assistance.
- Turn off the device, disconnect it from the power supply, and allow it to cool before cleaning or maintenance.
- Do not use metal objects such as aluminum foil or cutlery in the device, as this can cause sparks and damage.
- Ventilation slots must not be blocked or covered to prevent overheating.
- Use suitable heat-resistant containers for food; do not use plastic parts that are not microwave-safe.
- Sealed containers, such as prepackaged meals, must be opened or pierced before use to allow steam to escape.
- Remove hot food or liquids carefully to avoid burns from spills or hot steam.
- People with pacemakers should consult a doctor before using the device to ensure it does not cause interference.
- The device is intended exclusively for commercial use; any other use may cause damage and pose safety risks.
- After a power outage, check the device and restart it if necessary to ensure safe operation.
