

## TECHNICAL DATA SHEET

Order No. 330-3032

Item/Model SARO Cooling Display  
model SC 95, black

GTIN 4017337068760

- Material: (housing, glass frame) plastic, black
- 4-sided double-glazed
- Door and controls on one side
- 3 height-adjustable glass shelves, W 357 x D 310 mm
- LED-interior-lighting, separately switchable
- Digital temperature control
- Circulating air cooling
- Automatic defrosting
- Suitable for climate class: 4
- Temperature range: +2 / +8 °C
- Connection: 230 V - 50 Hz - 0.210 kW
- Capacity (gross/net): 93 / 83.5 L
- interior dimensions: W 400 x D 400 x H 698 mm
- Exterior dimensions: W 429 x D 458 x H 1004 mm
- Weight (net/gross): 47 / 49.5 kg
- Refrigerant: R600a
- Energy efficiency class: B (spectrum A to G)

Origin China

customs tariff no. 84185019

Importer Saro Gastro-Products GmbH, Sandbahn 6, 46446 Emmerich am Rhein, GERMANY

## SAFETY & WARNING INSTRUCTIONS

Order No. 330-3032

Item/Model SARO Cooling Display  
model SC 95, black

GTIN 4017337068760

### Safety and Warning Instructions

- Only place the device on a stable, level, and non-slip surface.
- Ensure the mains voltage matches the specifications on the rating plate.
- All packaging materials and protective films must be completely removed before first use.
- After transport, let the device stand upright for at least 12 hours before switching it on to prevent damage to the refrigerant circuit.
- Ensure the ventilation slots are not blocked to maintain optimal air circulation and cooling.
- Do not place the device near heat sources or in direct sunlight.
- Bottles with high alcohol content must be tightly sealed and stored upright in the device.
- Do not use electrical devices or heating sources inside the appliance.
- Never clean the device with a water jet or high-pressure cleaner to avoid the risk of electric shock and short circuits.
- Do not use damaged cables or plugs. Replacement must only be carried out by qualified personnel.
- Always switch off the device and disconnect it from the power supply before cleaning, maintenance, or repairs.
- Clean the door seal with water only and ensure it remains intact to prevent energy loss.
- The refrigerant is flammable; if the cooling circuit is damaged, ventilate the room well and avoid open flames.
- Children must not use the device unsupervised or play near it.
- The device is intended solely for the storage of food; any other use may cause damage and void the warranty.
- Regular cleaning of the condenser by qualified personnel is recommended to extend the device's lifespan.
- Handle the display case with care (fragile glass). Do not lean heavy objects against it or strike it.
- If visible damage or malfunctions occur, immediately stop operation and contact qualified personnel.
