

TECHNICAL DATA SHEET

Order No. 330-1033

Item/Model SARO Refrigerated table top display
model SOPHIE 160

GTIN 4017337330102

- Material: (housing) stainless steel
- Double glazing on 4 sides
- 2-part sliding door on the back
- 2 adjustable grids
- LED-interior-lighting, separately switchable
- Digital temperature control
- Automatic defrost
- Forced air cooling
- Temperature range: 0/ +12 °C
- Connection: 230 V - 50 Hz - 0.18 kW
- Grid top: W 806 x D 313 mm / Grid bottom: W 806 x D 355 mm
- Capacity (gross): 160 liters
- Dimensions: W 875 x D 580 x H 680 mm
- Weight (net/gross): 63 / 65 kg
- Refrigerant: R600a
- Energy efficiency class: C (spectrum A to G)

Origin China

customs tariff no. 84185019

Importer Saro Gastro-Products GmbH, Sandbahn 6, 46446 Emmerich am Rhein, GERMANY

SAFETY & WARNING INSTRUCTIONS

Order No. 330-1033

Item/Model SARO Refrigerated table top display
model SOPHIE 160

GTIN 4017337330102

Safety and Warning Instructions

- Only place the device on a stable, level, and non-slip surface.
- Ensure the mains voltage matches the specifications on the rating plate.
- All packaging materials and protective films must be completely removed before first use.
- After transport, let the device stand upright for at least 12 hours before switching it on to prevent damage to the refrigerant circuit.
- Ensure the ventilation slots are not blocked to maintain optimal air circulation and cooling.
- Do not place the device near heat sources or in direct sunlight.
- Bottles with high alcohol content must be tightly sealed and stored upright in the device.
- Do not use electrical devices or heating sources inside the appliance.
- Never clean the device with a water jet or high-pressure cleaner to avoid the risk of electric shock and short circuits.
- Do not use damaged cables or plugs. Replacement must only be carried out by qualified personnel.
- Always switch off the device and disconnect it from the power supply before cleaning, maintenance, or repairs.
- Clean the door seal with water only and ensure it remains intact to prevent energy loss.
- The refrigerant is flammable; if the cooling circuit is damaged, ventilate the room well and avoid open flames.
- Children must not use the device unsupervised or play near it.
- The device is intended solely for the storage of food; any other use may cause damage and void the warranty.
- Regular cleaning of the condenser by qualified personnel is recommended to extend the device's lifespan.
- Handle the display case with care (fragile glass). Do not lean heavy objects against it or strike it.
- If visible damage or malfunctions occur, immediately stop operation and contact qualified personnel.
